

# Cardboard

## Location

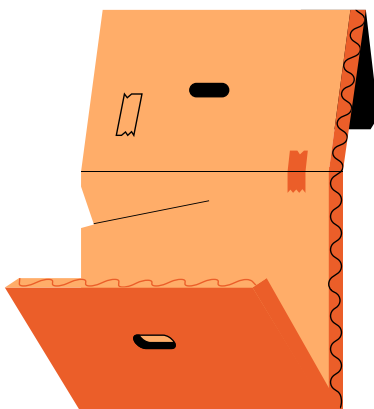

Throughout the city: Adnams Brewery, retail stores and industrial estates.

## Quantity

Large volumes

## Composition

Clean, flatpacked corrugated, double-walled brown cardboard. Sometimes has been bound with tape. Often printed.

## Description

Corrugated brown cardboard is used as transport packaging. Will be flatpacked and collected in a bin with other dry recyclables which can lead to small amounts of liquid contamination. Large quantities may be baled; bales weigh between 50-250kg each. Source separated collections are possible and will result in cleaner material.
